Dear Jimmie:

Words cannot express how much I appreciated the major contribution you made to the celebration for my 80th last Friday.

- Your request of "tall stories" letters from all the invitees was a real winner and I will always treasure the book you put together containing all the interesting replies.

and

- The photo display of my life that you and Debbie put together for everyone to see also created a lot of attention. If the photograph of it comes out well, will give you a copy.

If I'm still around when you reach 80, I'll do the same for you.

Once again, many, many thanks. Lots of love to you and your family.

Most sincerely,

DAD

P.S. Please thank Debbie, Jarad and David for their wonderful letters. Hope the boys enjoyed the celebration. They certainly behaved well.
